

BOWADP 700

PROFESSIONAL OFFICE SHREDDING SYSTEM

BOWADP 700 is a mid-size cross cut shredder, designed specifically for use as central shredder for small and medium offices. It is suitable for continuous duty operation in a compact design and is able to shred small to medium volume of paper and folders, unaffected by staples or paper clips, and confidential information stored in CDs, floppy disks, credit cards, USBs, tapes at once. Furthermore, due to its wide 280 mm insertion width also computer forms with tractor-feed margins can be easily destroyed.

Thanks to its integrated auto reverse and cut-off to avoid paper jam, bin-full and door-open auto shut down, user friendly console, dustproof closed housing, the BOWADP 700 is user friendly and can easily be transported through its casters, preserving efficient destruction of confidential data in compliance with DIN 32757-1 security level 3, and DIN 66399 up to P4 security level and high hourly output up to 80 kg.

Its solid and hard roller knife and its thermally protected single phase but powerful motor guarantee a stable high performance and long working life, while the shredding process is carried out in a safe, very fast and quiet way, keeping one of the lowest power consumption of its category for more energy efficiency.
